ON HOME GROUNDS

Chicago University Team on Way  
to Japan and Will Play  
Keio Also.

The baseball team of the University of Chicago has started for a tour of nearly 20,000 miles, to test the playing powers of the teams of the Japanese universities of Waseda and Keio in Japan. There will be twelve players, and H. Orville Page, last year's captain of the football team, will be the playing manager. Prof. Gilbert A. Bliss will represent Director A. A. Stagg, who is unable to make the trip, and the faculty.

The team is one of the best the Maroons have had for years. It is composed of all-around players who have considerable experience playing in and around Chicago for the last few years. The party will consist of Josiah J. Pegues, captain; Frank K. Collings, captain-elect for 1911; Frank A. Paul, Ed C. Steinbrecher, W. J. Sunderland, and B. Roberts, Robert W. Baird, John G. Glen, G. Roberts, Ralph M. Barry, Hermann J. Ehrhorn, and Page.

The boys are in good condition now, in order to keep that way will play many games as possible on the road to the Orient. They stopped off at Misspell, Montana, on Labor Day to play with teams from Spokane and Everett. They reached Seattle, September 10, from which port they sailed for the Kamakura Maru, which will land them in Yokohama sixteen days later. They will remain in Tokyo during the month of October.

While two of the best players on the team will not go to Japan, Mark G. Sauer and Walter S. Kennedy, who remain behind to try help Stagg in the football championship, the Maroons expect to have a victorious trip, though not without a struggle.

The Japanese boys have learned baseball from the University of Chicago. Alfred W. Place, a former Maroon star, is an instructor at Waseda, a school he introduced baseball to nearly twenty years ago. Last year the team from the University of Wisconsin went to Japan and was defeated, three out of four games, by the Keio University, winning two out of three from Waseda. All the games were closely contested.

SEEK GOVERNMENT AID TO  
PROMOTE RIFLE PRACTISE

CAMP PERRY, August 20.—The National Rifle Association of America held its annual meeting Friday evening at the recreation tent of the twenty-sixth United States infantry, Lieut.-Gen. J. G. Bates, U. S. A., retired, the president, presiding. The report of the secretary, Lieut. Albert J. Jones, stated that there were 2563 entries in the four days' matches, which closed Friday, and that the membership this year included 18 civilian rifle clubs, 12 college clubs, 22 schoolboy clubs and 441 annual members.

The secretary emphasized the need of government aid in the work of extending marksmanship skill to the citizenship of the country and urged members to use all proper means to induce Congress to pass the Hall bill, providing for the free issue of arms and ammunition to civilians, colleges and schoolboy clubs, and appropriating \$100,000 annually to carry on this work.

A new match was proposed by Lieutenant Jones to be held yearly at the close of the national matches between a team composed of the twenty national guardsmen ranking highest in the national, individual and the President's matches and teams from the several corps of the United States service.

At the conclusion of the meeting the medals and trophies won in the matches of the week were awarded. The grand aggregate honors of the revolver matches were won by C. E. Orr, who scored 1815, E. G. Reising with second with 1812, Leroy Lyons third with 1807. The Evans skirmish match was again won by the United States infantry team, the victor in 1909. The Tennessee national guard came in second and the seventy-fourth New York third.

## OFFICIALS RUN CADILLACS.

Brooklyn Eagle, August 21.—Municipalities in the United States are not alone in their buying of Cadillac cars for the use of their officials. From Honolulu, the Cadillac Company is advised of the purchase of three Cadillac cars for the use of the governmental heads.

One of these cars is provided for the Governor of the Islands, W. F. Frear. The secretary of the Territory and president of the board of health, E. A. Mott-Smith, is also provided with a Cadillac, and a third one was installed for the use of Superintendent of Public Works Marston Campbell. Secretary Mott-Smith, in addition to the car assigned him by the government, has bought a Cadillac for his own private use.

In the United States, Cadillac cars are owned by New York, Brooklyn, Louisville, Kentucky, and Harrisburg, Pennsylvania, and operated in the service of the various heads of the city departments.

TO DEFEND SPEED TROPHY  
AGAINST FOREIGN FLYERS

Aero Club of America Will Invite  
Curtiss and Two Others to  
Compete for Prize.

NEW YORK, August 25.—The board of governors of the Aero Club of America has decided at a meeting here to invite Glenn H. Curtiss and two other American aviators to defend the Gordon Bennett international speed trophy, which Mr. Curtiss won last year at Rheims. His two associates will be selected in elimination trials during the early days of the coming international meet here.

Charles K. Hamilton has announced his intention to compete. He has built a new biplane, modeled after the Curtiss design, but equipped with a 115-horsepower motor, which is more than twice the power of the motor used by Curtiss when he won the trophy. What the Wright brothers plan will only be known when their machines take the air. They have promised five entries. A cablegram was sent to J. Armstrong Drexel inviting him to take part in the elimination contest.

The board of governors formally awarded the Country Life trophy to Clifford B. Harmon, for his recent flight across Long Island sound.

Before Judge Lacombe in the United States circuit court Wednesday Charles K. Hamilton made through his attorney, Israel Lashlow, a motion for a preliminary injunction to restrain Glenn H. Curtiss from interfering whenever he attempts to make a flight for exhibition purposes by asserting that he has Mr. Hamilton still under contract.

In a world which swept over the Sheephead Bay track at a 20-mile gait, J. C. Mars soared to an altitude of 60 feet in the air in his Curtiss biplane, executed a figure eight and then alighted long enough to take on a passenger weighing 195 pounds. In his second flight Mr. Mars carried his passenger across the aviation field.

LONDON.—Before sailing on the Olympic for Boston to take part in the aviation meet at Atlantic, Mass., Claude Graham-White (the English aviator who made the plucky attempt to win the London and Manchester prize, which was seized from his grasp by Paulhan), told of his plans:

"I am giving exhibition flights near Boston between September 3 and 13. On September 24 I am due at San Francisco, where I am to give exhibition flights until October 4. Then I return to New York for the international meet on Long Island. In the interval between the Harvard and Princeton engagements I may compete for the World-Post Dispatch \$30,000 prize for the New York-St. Louis flight."

TEAMS OF BIG LEAGUES  
TO PLAY SPECIAL SERIES

CINCINNATI, Ohio, August 27.—Jefferson Livingston and E. V. This has been formally announced by the two backers themselves. The schedule of games, which has not yet been completed, embraces 12 contests to be played in leading cities, beginning in Cincinnati. Should bad weather interfere the arrangement is to have the games played in the principal cities of the South.

COMMITTEE READY  
TO PREPARE SCOUTS

First Meeting Today to Take Up  
Preliminary Matters—Bullard  
May Speak.

There will be a meeting of the boy scout committee this afternoon to make the arrangements for the launching of the organization in Hawaii. Paul Super, who was named as the chairman of the committee has appointed with him, D. Howard Hitchcock, Ed Towse, T. R. Biddle and A. H. Dondero.

The selections were wisely made and the committee, as it stands, is capable of making the most of the scouts. Hitchcock thoroughly acquainted himself with the scout movement while on the coast and interviewed its officers as to the methods employed. He returned loaded with data which will all come in handy.

Towse has had plentiful experience along the lines that the young scouts will be trained and will be able to give them first hand instruction and advice. Biddle, as a captain in the Spanish-American war, saw actual service and is in a position to impart all the military knowledge that the scouts will need and more. Dondero is the real scout of the committee as he was with the Fifth Cavalry in Arizona, having charge of the Indian scouts attached to headquarters.

Lieutenant-Colonel Bullard, scout enthusiast-mechanic on the Coast, arrives today on the transport Logan. The committee meeting today will take up a plan for Bullard's entertainment and he may be asked to speak before a large gathering where the scout movement will be formally launched.

Three or four patrols have already organized themselves and are awaiting organization and instructions from headquarters when it shall be established.

Bundy of Los Angeles, California, Thursday afternoon three sets to two, 6-2, 3-7, 6-0, 6-3, 6-1, and thereby won his sixth championship title as well as becoming permanent owner of his second championship trophy.

BRITISH POLO TEAM  
WINS FIRST VICTORY

NARRAGANSETT PIER, R. I., August 25.—The Ranelagh British polo team won its first polo match in its present visit here by defeating New Haven, 9 to 8½, in the tournament for the Point Judith cups. In a second match for the same cups the Bryn Mawr team of Philadelphia scored an easy victory over the Cooperstown quartet. The New Haven team, in the match with the Englishmen, scored one goal more than its opponents, but lost one and one half goals through three fouls. Lord Hugh Grosvenor was the most aggressive player on the Ranelagh team, scoring five of the nine goals. The game developed the best exhibition of polo seen here this season.

MANUEL C. COSTA  
IS FOUND GUILTY

Manuel C. Costa, charged with violation of the Edmunds Act, was found guilty yesterday afternoon in the United States court and will be sentenced later. The maximum punishment is hanging.

Seven votes were taken by the jury before a verdict was arrived at. On the first vote the jury stood nine for conviction to three for acquittal. On the second vote two of those who had voted for acquittal switched and voted guilty. The third ballot stood the same way, but on the fourth the vote stood as at first.

The fifth vote taken resulted in a considerable change, eight voting for conviction and four for acquittal. On the sixth eleven voted to convict Costa and one wanted to free him. But when the seventh vote was taken all were unanimous in favor of conviction, and a verdict of guilty was returned.

Costa was defended by Clem Quinn, County Attorney Cathcart conducted the prosecution.

HENRY HAPAI MAY  
BE ARRESTED

Refuses to Construct Sidewalk  
Around His Hilo  
Property.

Henry Hapai, registrar of the treasury department of the territorial government, is liable to be arrested on a criminal warrant within a few days. Attorney-General Lindsay is seriously considering ordering the warrant to be issued, and if it is, he will prosecute Hapai to the extent of the law.

The charge against the territorial officer is that he refuses to lay a sidewalk along his property in the business section of Hilo.

For over a year the Hapai property in Hilo has been a subject of contention. The supervisors of the Big Island have time and time again declared that Hapai must lay a sidewalk along his property. But Henry would do nothing of the kind. Then Superintendent Campbell issued an order that Henry must have a sidewalk laid. Henry paid as much attention to the superintendent of public works as he had to the supervisors.

Consequently, everybody got sore, and when the delegates from the Big Island to the territorial convention arrived in Honolulu, some of them went to Governor Frear, Attorney-General Lindsay and Superintendent Campbell and wanted to know what could be done about the matter.

Marston Campbell suggested that he could have the sidewalk laid and charge the cost to Hapai, but his did not satisfy the Hilo contingent. Hapai had defied them and ignored the government and he must be made to suffer for it.

Pesterday Attorney-General Lindsay stated that he had about lost patience and was seriously thinking of having Henry Hapai arrested under the criminal clause of the sidewalk law and punished for refusing to lay that walk.

CLAIM THAT THEY ARE  
ILLEGALLY RESTRAINED

Koon Ko and Koon Heen, who claim to be sons of Lum Sung, for twenty-two years a resident of Honolulu and a citizen of the United States, have applied for a writ of habeas corpus to free themselves from the restraint under which they claim to have been placed by Immigration Inspector Brown.

The two Chinese say that they arrived in Honolulu on the Siberia for the purpose of residing with their father, but were refused a landing and were placed under arrest. They ask the federal court to free them and permit them to land. Charlie Chillingworth is their attorney.
